AGENDA Item No: 12.06.24 Executive Director's Report:

#### Recommended Board Action:

None: For Information Only

#### Rational:

#### **Executive Director Report:**

#### 1. 1115 Transformation Waiver Update:

Directed Payment Program – Behavioral Health Services (DPP-BHS)

This program operates on the state fiscal year but the quality measures we report follow the calendar year. The DPP-BHS program includes two components:

Component 1 (B1-Dollar Increase) is a uniform dollar increase issued in monthly payments to entities
participating in the program. As a condition of participation, providers will report on progress made toward
certification or maintenance of CCBHC status. Enrolled providers are also required to report on the
implementation status of activities foundational to quality improvement, such as telehealth services,
collaborative care, integration of physical and behavioral health, and improved data exchange.

Payments are from services provided only to Medicaid Managed Care clients that we serve in the STAR, STAR+PLUS or STAR Kids programs.

#### **DPP Update for October Board Meeting:**

- FY2025 brings a change to the DPP-BHS program. There is now only one
  payment component and the uniform dollar increase is \$41.37 per unit of service
  in addition to the regular rate. This comprises 100% of the DPP BHS funding for
  the program.
- Also, HHSC notified Centers that of their final IGT reconciliation for the DPP-BHS FY-22 program. We will receive \$25,817.84 as the proportional refund of our matching funds for the 2022 program period.

The Public Health Provider – Charity Care Pool (PHP-CCP)

This program provides uncompensated care reimbursement to help cover our costs for services to uninsured and indigent clients. It follows the federal fiscal year calendar of October 1 through September 30.

#### CCP Update for October Board Meeting:

The 2024 CCP reporting period is now closed. We submitted our FFY-24 cost report on time through the State of Texas Automated Cost Reporting System (STAIRS) online system. Our final amount due for reimbursement is \$7,449,977.71 prior to any proportional reduction that could occur if all the CCP claims exceed \$499,193,0234, which is the annual limit set by CMS for this program.

On 11/21/24, the Texas Council sent a notice estimating that the total state-wide settlement amount will be \$617,847,398. Since this exceeds the federally approved total cap, we should expect a possible 19% reduction to our claim. The final reduction percentage will not be determined until after HHSC completes reviews and adjustments to finalize the cost reports.

#### 2. Texas Council Update:

The Quarterly Texas Council Executive Directors met this month on November 7<sup>th</sup>. Much of the discussion concerned the upcoming legislative session and the addition of many new legislators that will start in January.

HHSC's current legislative appropriation and exceptional item requests were also highlighted. The TX Council summary document of the LAR request is attached to this report.

#### 3. HHSC Performance Contracts/Grants and Local Initiatives.

- On November 19<sup>th</sup> HHSC released their FY 26 Substance Use Treatment Services-HHS0015355 State Procurement Notice. This was part of their periodic state wide procurement process to re-bid all of their SUD contracts. We currently have several of these contracts and will be submitting our applications to renew those for another 5-year period. The deadline to submit applications is 1/14/25.
- North Texas Behavioral Health Authority (NTBHA): No updates currently
- ECI

HHSC sent out requests for applications for the Texas Early Childhood Intervention (ECI) program. This application is for all current ECI providers and has a submission deadline of 1/17/25.

#### 4. East Texas Behavioral Health Network (ETBHN)

ETBHN will hold a summit meeting on December 10 for member centers
examining current program examples of Texas-CCBHC Primary Care and
Care Coordination service models. The meeting will be facilitated by special
guest speaker, Jolene Rasmussen, who will discuss Integrating Mental
Health and Primary Care, and Implementing Care Coordination.

#### Legislative Appropriation Request (LAR) FY2026-27 HHSC Exceptional Item (EI) Highlights

#### EII Maintain Client Services Cost Growth

FY26 S186M HCS; \$19M TXHML; \$15M BH Waiver Amendment (YES and HCBS-AMH)

#### FY27 \$172M HCS; \$19M TXHML; \$17.5M BH Waiver Amendment

Request to maintain Medicaid and CHIP cost growth provides for incremental cost increase in 26-27 over 2025 levels for all acute and Long-term Services and Supports (LTSS).

#### EI5 Federal Cuts related to Women's and Children's Health Services

FY26 S7.6M Early Childhood Intervention (ECI)

FY27 \$10.4M ECI

ECI caseload is expected to continue to grow at a rate of approximately 3.5% per year. This exceptional item is intended to ensure ECI can fund continued caseload growth. The ECI funds requested under this exceptional item are intended to be allocated to ECI subrecipients to provide direct client services for children and families

#### EI12 Children's Mental Health Strategic Plan

FY26 S30,000,003

FY27 \$30,000,003

Currently allocated in Community Mental Health Services with a placeholder in Substance Use Prevention, Intervention and Treatment and Behavioral Health Waiver Plan Amendment This exceptional item (EI) seeks funding to continue addressing recommendations from the Mental Health Roadmap as well as the Children's Behavioral Health Strategic Plan to further improve behavioral health services in Texas. This EI contains strategic behavioral health funding requests to improve the availability of behavioral health services in Texas and is underpinned with the recognition that HHSC is responding to an increase in the number of Texans in need of behavioral health services, at more access points (jails, emergency rooms, schools).

- (a) This EI funds behavioral health services and supports to expand programs designed for children and youth. The following initiatives support the children and youth population, including those with high acuity and complex needs, at imminent risk of relinquishment to the Department of Family Services, or in state conservatorship:
  - · Youth Crisis Outreach Teams:
  - · Youth Empowerment Services;
  - · Residential Treatment Centers; and
  - · Children's Statewide Strategic Plan Recommendations.
- (b) This request also expands crisis services through local mobile crisis outreach teams and crisis facilities, allowing services in the least restrictive environment and decreasing emergency department visits, inpatient hospitalizations, and number of arrests.

#### EI15 Reduce Medicaid Waiver Interest Lists

FY26 S1 placeholder

FY27 S1 placeholder

Medicaid long-term-care (LTC) waiver programs provide home and community-based services as an alternative to institutional care. Texas Medicaid operates 6 LTC waiver programs: Home and

Community-based Services, Community Living Assistance and Support Services, Deaf Blind with Multiple Disabilities, Texas Home Living, Medically Dependent Children Program (MDCP), and STAR-PLUS Home and Community-Based Services. Demand for these programs frequently exceeds capacity and HHSC maintains an interest list for each.

#### EI17 Increasing Services for People with Disabilities

FY26 S6.8M Non-Medicaid Developmental Disability Community Services (General Revenue-IDD) FY27 S6.8M General Revenue-IDD

IDD Outpatient Mental Health: Texas can improve outcomes for people with intellectual or developmental disabilities (IDD) by expanding outpatient mental health service sites to all 39 LIDDAs, allowing more children with IDD who also have mental health or behavioral needs to remain in their communities and in their homes with loved ones. Currently available at only five (5) Local IDD Authorities, IDD Outpatient Mental Health: Mental health services play a crucial role in alleviating strain felt by providers and families alike in assisting children with IDD to live in the community successfully and reducing more costly institutionalization. These services are unique in nature and not funded in other IDD service arrays. The Texas Judicial Commission on Mental Health (JCMH) has indicated support for statewide implementation and the Children's Mental Health Strategic Plan – which is being finalized – also recommends program expansion.

#### E124 Consolidated Rate Request

#### FY26 \$1 placeholder

#### FY27 S1 placeholder

. HHSC has identified 5 categories of reimbursement rates where HHSC believes a reimbursement rate increase would positively impact client's access to high quality care. The top categories for reimbursement rates that HHSC has identified are:

- · Guardianship Services
- Autism and Peer Support Services Post-Implementation Utilization Reviews have shown lower than expected utilization growth.
- IMD Medicaid & Community Inpatient bed day rates Medicaid rates have not been increased since 2007 and are significantly lower than rates for similar services.
- · Community-based Nursing Services, including Private Duty Nursing
- Community Attendant Services Although this service type did receive an increase to the minimum floor rate during the 88th Legislative Session (from \$8.11 to \$10.60), providers continue to report issues attracting additional staff to the workforce.

The Community Attendant Services category would impact the Direct Support Professionals within Community ICF and associated Community Medicaid Waivers (HCS and TxHmL).

## Additional EI from Texas Department of Criminal Justice LAR E16 Texas Correctional Office on Offenders with Medical and Mental Impairments FY26 S6M FY27 S6M

Funding for the Texas Correctional Office on Offenders with Medical or Mental Impairments (TCOOMMI) of \$5.9 million for contracted local mental health authorities to meet current demands. This funding would provide for 15 caseloads to serve approximately 890 clients within continuity of care, transitional case management, and intensive case management that were reduced in the current biennium due to increased costs.

Intellectual and Developmental Disabilities Director's Report

**Recommended Board Action: None-Information Only** 

### 1. Waivers - Home and Community Services (HCS) & Texas Home Living (TXHML):

- HCS Host Home individual is moving to Terrell Group Home 12/01/24.
- One individual on Temporary Suspension from Paris Group Home.
- IDD Provider's Community Support position was filled in Corsicana.
- A critical issue was noted in an Intermittent Survey and all staff were retrained in Abuse, Neglect & Exploitation (ANE) and citation was cleared.

#### 2. Individual Skills and Socialization (ISS):

- Ennis ISS Lead Trainer position has been filled.
- Private Provider monthly revenue for ISS is almost where we were pre-covid.
- The ISS programs were quite active in October, featuring a variety of activities. Highlights included Halloween parties, costume contests, games with prizes, fall crafts, and baking events. Members of the Aktion Club (Kiwanis) continued their volunteer efforts at the food bank and distributed candy in the Square alongside the Fire Department. Volunteers also taught individuals how to use looms, a skill that is becoming rare in some parts of the country. Additionally, a group organized an indoor camping overnight excursion at the ISS center, where everyone had a great time. A visit to Walls Pumpkin Farm in Terrell was another popular activity, with many ISS programs attending.

#### 3. Intermediate Care Facility (ICF):

- Survey follow up visits at Ermine and Windy Hill Group Homes went well.
- One opening at our Sayle Street Group Home in Greenville.

#### 4. Texas Workforce Solutions (TWS):

• Employment staff registered for CEU's for Supported Employment Credentials/Endorsement at UNT to continue as a Community Rehab Provider (CRP).

#### 5. Outpatient Biopsychosocial Intervention program (OBI):

- Collaborative Care Services including skills training were provided to 30 individuals and their families across multiple counties: Ellis (4), Hopkins (2), Hunt (10), Kaufman (8), Morris (2), and Rockwall (4).
- 1 new enrollment in Hunt County.
- Maintained stability in the community with no reported calls to other crisis teams.
- Achieved positive outcomes with no reported arrests or mental health hospital admissions.

#### 6. Vocational Apprenticeship Program (VAP):

- 11- Apprentices in Lamar, 1 Apprentice in Kaufman County as required for VAP grant.
- 9- Worksites including Paris Junior College, Schlotzsky's, Legend's Healthcare, Paris Regional Health, Prime Senior Service, Spring Lake Assisted Living & Memory Care, Handy Man Services, Stop-N- Drop Daycare, & Lake Regional Community Center
- Apprentices are learning skills of an Activity Assistant, Assistant Handyman, Lobby Attendant, Linen Attendant, Child Care Provider, Housekeeping, Dishwashers, Food Aides, Clerical Office Assistant, and an Administrative Clerk.

#### 7. IDD Provider Telemedicine numbers:

• Follow-ups (113) = Corsicana -16, Greenville -27, Mt. Pleasant -11, Paris -7, Sulphur Springs-7, Terrell -24, Waxahachie -21, No Shows -21, New Evals -4, and Hospital Discharges - 0.

- Performance Measures: We missed Hospital 30-day readmission in October at 14.29%. No more than 10.2% of adults and children who are discharged from a state hospital or PPB shall be readmitted within 30 days of discharge.
- HHSC MH Comprehensive Audit: We received preliminary findings for PASRR and mystery caller. A
  corrective action plan will be due 30 days after the final report is received. We received 100% for all
  other sections.
- CMH Fidelity Audit: QM conducted the annual fidelity audits on Nurturing Parent, TF-CBT, Seeking Safety, and START for GR and NTBHA. QM recommends continued documentation training.
- Board Training Audit: QM conducted a board training audit for FY 25 in October, all members of the board have received training.
- Superior Audit: Superior will conduct a chart audit between December 9-19, 2024.
- Treatment Plan Audit: QM conducted a pre-training treatment plan audit with an overall score of 73%. The EHR manager conducted a competency assessment to determine if staff knew the steps needed to create and update a treatment plan in Millennium. Staff were trained between October 22, 2024, and November 14, 2024. QM will conduct a post-training treatment plan audit and the EHR Manager will conduct a post-training competency assessment to determine if staff retained the steps needed to create and update treatment plans.

#### 5. IDD

- IDD Service Target: We met our service target at 172, our target is 169.
- LIDDA CAP Audits:
  - PASRR: 0 charts scored below 70%, overall score was 91%
  - ECC: 0 charts scored below 70%, overall score was 100%
  - HCS: 0 charts scored below 70%, overall score was 91%
  - o CFC: 3 charts scored below 70%, overall score was 80%

    - This low score is due to not having Identification of Preferences (IOP) forms in the record.

#### **AGENDA ITEM NO. 12.11.24**

Human Resources Report

#### **Recommended Board Action:**

None; information only.

#### 1. Staffing Issues

#### > Headcount

We had a total of 449 authorized FTEs and 436 employees in the month of October. We filled 12 positions, ten of which were new hires and two internal transfers. We ended the month with 17 vacancies.

#### > Separations

We had three separations two of them were neutral separations due to employees not being able to return to work from FMLA and one voluntary due to illness.

#### > Recruitment

Some of the sources used to advertise our openings were Indeed, Newspapers, Colleges and Universities website, Facebook, Texas Workforce Commission website, and Chambers of Commerce. We are attending monthly job fairs with Texas Workforce Solutions.

#### > Training and Development

We had 22 classes with a total of 168 participants, 89 of these were community participants who attended YMHFA (Youth Mental Health First Aid), and AMHFA (Adult Mental Health First Aid). Trainings for employees were CPR (Cardio Pulmonary Resuscitation), SAMA (Satori Alternatives for Managing Aggression), and ASIST (Applied Suicide Intervention Skills Training).

#### 2. Compensation & Benefits

- We did not have any COVID reports for the reporting month.
- > So far we have two large claims, these are not exceeding the stop loss limit.
